WHO ARE WE?

Mountain Sun Community School is a Montessori-inspired, nature-based independent school in Brevard, NC, serving children age three through middle school. Our goal is to preserve each child's natural curiosity and love of learning at the same time fostering respect and responsibility for themselves, their community, and the natural world.

OUR MISSION

Mountain Sun Community School holistically nurtures, challenges, and guides each unique child to **discover** academic skills using montessori principles, **explore** the natural world, **create** through self-expression, and **belong** to a collaborative, diverse, and peaceful community.

WHY BECOME A COMMUNITY PARTNER?

Local support is essential to preserve our rich cultural, social, and economic diversity and to keep tuition affordable. To realize this goal, we have established our Community Partners program. Contributions from participating businesses help pay for teacher's salaries, specialty programs, continuous improvements in classrooms and materials, the incredible campus at Brevard Music Center, and the general ongoing cost of running an exceptional school.
